

Rapid Seal

A semi-automatic (human powered) case sealing machine for random sized cartons.

- Increased Package Throughput
- Uniform Mechanical Seal
- Infinite Carton Lengths
- May Reduce Risk of Repetitive Strain Injury
- Automatic Case Centering

Most pick and pack carton sealing is done with hand-held dispensing equipment. The **Rapid Seal** solves many of the problems that occur during hand application. The Rapid Seal assures you of a **positive, secure, mechanical seal** that doesn't rely on the expertise of the packer. Its self-centering mechanism assures optimal tape placement every time.
